

Details of intended support of Pupil Premium pupils for the Academic Year 2017-2018 in order to close the gap between them and pupils not in receipt of the Pupil Premium

The strategic and targeted use of Pupil Premium will enable us to achieve the best learning experiences and outcomes for our pupils.

- To ensure that appropriate provision is made for pupils who belong to vulnerable groups; this includes ensuring that the needs of socially disadvantaged pupils are adequately assessed and addressed
- In making provision for socially disadvantaged pupils we recognise that not all pupils who receive free school meals will be disadvantaged and not all pupils who are socially disadvantaged are eligible for free school meals
