

A Whole New World – Part 1

The Orchard Summer Term 2018

Please do not let the secrets out the bag and hold back from telling your child what stories we will be reading.

Week 1: A Whole New World

In English we will be discovering a genie's lamp and learning all about Aladdin. Who is he? Where does he live? We will also be learning how to use an atlas.

In Maths we will be using Bee-Bots to give and follow simple instructions.

Weeks 2-3: Eggciting Arrival

In English we will have surprise visitors and learn all about how best to care for them. We will also be looking at the lifecycles of plants and animals, as well as learning about farms.

In Maths we will be estimating, measuring and recording periods of time. We will also use mathematical language to compare quantities and objects, as well as solve problems.

Weeks 4-6: The Terrible Troll

In English we will be looking at different versions of 'The Three Billy Goats Gruff,' to compare their similarities and differences. We will then write signs to deter the troll from coming out from under our own bridges. We will also be using different drama techniques to take on the roles of the goats and troll.

In Maths we will be building and measuring bridges and testing them out. We will also make a troll using 3D shapes, as well as designing our own shields using repeated patterns.
