

Week 1

Addition and Subtraction

LI: To solve multi-step word problems in context, deciding which operations and methods to use

LI: To describe and create number sequences

Week 3

Properties of Shape

LI: To draw 2-D shapes using given dimensions and angles

LI: To recognise, describe and build simple 3-D shapes, including making nets

LI: To recognise angles where they meet at a point, are on a straight line, or are vertically opposite, and find missing angles

Year 6 Maths

Going to new heights

Summer 1

Week 2

Measurement

LI: To solve problems involving the calculation and conversion of units of measure, using decimal notation up to 3 decimal places, where appropriate

LI: To use, read, write and convert between standard units, converting measurements of length, mass, volume and time from a smaller unit of measure to a larger unit, and vice versa, using decimal notation up to three decimal places

Week 4

SATs Week

Week 5

Mathematical Investigations

LI: To work systematically to find all possible solutions

LI: To explain reasoning using mathematical vocabulary
